APPLICATION NO: P0162.22

In pursuance of their powers as Local Planning Authority, the Council have considered your application and have decided to **GRANT PLANNING PERMISSION** for the following development :

Proposal: Proposed 1.3m extension to an existing 2.8m wide dropped kerb.

Location: 111 SUTTONS LANE
HORNCHURCH

The above decision is based on the details in drawing(s):
200A

subject to compliance with the following condition(s):

Note to Applicants:

Please take the time to read the conditions stated below carefully. Some may require you to seek the Council's approval prior to works beginning on site. The approval process can take a further 8 weeks from the date of submission and you are advised to incorporate this into your timetable.

Please also check the informatives below to verify whether the scheme is liable for the Mayoral Community Infrastructure Levy. If the scheme is liable, **you are required to give notice of commencement in advance** so that a Demand Notice can be sent to you or any other person(s) that has/have assumed liability. The Levy is payable within 60 days of commencement. **If you are intending to claim self-build, social housing or charitable exemption, you must do this before development commences otherwise any exemption request will be disqualified.**

- 1** The development to which this permission relates must be commenced not later than three years from the date of this permission.

Reason:-

To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 (as amended by Section 51 of the Planning and Compulsory Purchase Act 2004).

- 2 The development hereby permitted shall not be carried out otherwise than in complete accordance with the approved plans (as set out on page one of this decision notice).

Reason:-

For the avoidance of doubt and to ensure that the development is carried out as approved.

INFORMATIVE(S)

- 1 The proposal involves works which affect the highway and/or its verge. Before commencing such works you must obtain separate consent of the Highway Authority. Please contact the Streetcare on 01708 432563.
- 2 Changes to the public highway (including permanent or temporary access)
- Planning approval does not constitute approval for changes to the public highway. Highway Authority approval will only be given after suitable details have been submitted considered and agreed. If new or amended access is required (whether temporary or permanent), there may be a requirement for the diversion or protection of third party utility plant or highway authority assets and it is recommended that early involvement with the relevant statutory undertaker takes place. The applicant must contact Engineering Services on 01708 433751 to discuss the scheme and commence the relevant highway approvals process. Please note that unauthorised work on the highway is an offence.

Highway legislation

- The developer (including their representatives and contractors) is advised that planning consent does not discharge the requirements of the New Roads and Street Works Act 1991 and the Traffic Management Act 2004. Formal notifications and approval will be needed for any highway works (including temporary works of any nature) required during the construction of the development. Please note that unauthorised work on the highway is an offence.

Temporary use of the public highway

- The developer is advised that if construction materials are proposed to be kept on the highway during construction works then they will need to apply for a licence from the Council. If the developer required scaffolding, hoarding or mobile cranes to be used on the highway, a licence is required and Street Management should be contacted to make the necessary arrangements. Please note that unauthorised use of the highway for construction works is an offence.

Surface water management

- The developer is advised that surface water from the development in both its temporary and permanent states should not be discharged onto the highway. Failure to prevent such is an offence.

- 3 Statement Required by Article 35(2) of the Town and Country Planning (Development Management) Order 2015: No significant problems were identified during the consideration of the application, and therefore it has been determined in accordance with paragraph 38

3 of the National Planning Policy Framework.

TOWN AND COUNTRY PLANNING ACT 1990**

Appeals to the Secretary of State

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice. However, if an enforcement notice is subsequently served relating to the same or substantially similar land and development and you want to appeal you must do so within 28 days of the service of the enforcement notice, or within 12 weeks of the date of this notice, whichever period expires earlier.

Appeals must be made using a form which you can get from the Planning Inspectorate at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN or online at www.planningportal.gov.uk/pcs.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to him that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

" In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based their decision on a direction given by him.

Purchase Notices

If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

You are reminded that Building Regulations approval may also be required for these works. You must contact the Building Control Manager or Building Inspector to confirm if permission is required.

Note: Following a change in government legislation a fee is now required for the request for Submission of details pursuant to discharge of conditions in order to comply with the Town and Country Planning (Fees for Applications and Deemed Applications) (Amendment) (England) Regulations, which came into force from 06/04/2008. A fee of £116 per request (or £34 where the related permission was for extending or altering a dwellinghouse) will be required.
