subject to compliance with the following condition(s):

Note to Applicants:

Please take the time to read the conditions stated below carefully. Some may require you to seek the Council's approval prior to works beginning on site. The approval process can take a further 8 weeks from the date of submission and you are advised to incorporate this into your timetable.

*Please also check the informatives below to verify whether the scheme is liable for the Mayoral Community Infrastructure Levy. If the scheme is liable, **you are required to give notice of commencement in advance** so that a Demand Notice can be sent to you or any other person(s) that has/have assumed liability. The Levy is payable within 60 days of commencement. **If you are intending to claim self-build, social housing or charitable exemption, you must do this before development commences otherwise any exemption request will be disqualified.***

- 1 The development to which this permission relates must be commenced not later than three years from the date of this permission.

Reason:-

To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 (as amended by Section 51 of the Planning and Compulsory Purchase Act 2004).

- 2 All new external finishes shall be carried out in materials to match those of the existing building(s) to the satisfaction of the Local Planning Authority.

Reason:-

To safeguard the appearance of the premises and the character of the immediate area.

- 3 The development hereby permitted shall not be carried out otherwise than in complete accordance with the approved plans (as set out on page one of this decision notice).

Reason:-

The Local Planning Authority consider it essential that the whole of the development is carried out and that no departure whatsoever is made from the details approved, since the development would not necessarily be acceptable if partly carried out or carried out differently in any degree from the details submitted.

- 4 Before the building(s) hereby permitted is first occupied, the area set aside for car parking shall be laid out and surfaced to the satisfaction of the Local Planning Authority and retained permanently thereafter for the accommodation of vehicles visiting the site and shall not be used for any other purpose.

Reason:-

To ensure that car parking accommodation is made permanently available to the standards adopted by the Local Planning Authority in the interest of highway safety.

- 5 Prior to the commencement of the development hereby approved, details of all proposed walls, fences and boundary treatment shall be submitted to, and approved in writing by, the Local Planning Authority. The boundary development shall then be carried out in accordance with the approved details and retained permanently thereafter to the satisfaction of the Local Planning Authority.

Reason:

Insufficient information has been supplied with the application to judge the appropriateness of any boundary treatment. Submission of this detail prior to commencement will protect the visual amenities of the development and prevent undue overlooking of adjoining property.

- 6 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015, no window or other opening (other than those shown on the submitted and approved plan) shall be formed in the flank wall(s) of the building(s) hereby permitted, unless specific permission under the provisions of the Town and Country Planning Act 1990 has first been sought and obtained in writing from the Local Planning Authority.

Reason:-

In order to ensure a satisfactory development that will not result in any loss of privacy or damage to the environment of neighbouring properties which exist or may be proposed in the future.

- 7 The roof area of the extension hereby permitted shall not be used as a balcony, roof garden or similar amenity area without the grant of further specific permission from the Local Planning Authority.

Reason:-

In the interests of the amenity of the occupiers of neighbouring dwelling.

- 8 Prior to the first occupation of the development, details shall be submitted to and agreed in writing by the Local Planning Authority for the installation of Ultra-Low NOx boilers with maximum NOx Emissions less than 40 mg/kWh. Where any installations do not meet this emissions standard it should not be operated without the fitting of suitable NOx abatement equipment or technology as determined by a specialist to ensure comparable emissions. The installation of the boilers shall be carried out in strict accordance with the agreed details and shall thereafter be permanently retained.

Reason: To minimise the impact of building emissions on local air quality.

- 9 No work shall be carried out on the site between the hours of 08.00 hours and 18.00 hours Mondays to Fridays, between the hours of 08.00 hours and 13.00 hours on Saturdays, nor at any time on Sundays, Bank or Public Holidays.

Reason: To minimise the impact of the development on the surrounding area in the interests of amenity.

- 10 All hard surfaces hereby approved as part of the development (including any sub-base) shall be made of porous materials or provision shall be made to direct run-off water from the hard surface to a permeable or porous area or surface within the curtilage of the application site.

Reason:-

In order to ensure no water run-off from the hard surface which would contribute to risk of flooding.

- 11 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015, other than porches erected in accordance with the Order, no extension or enlargement (including additions to roofs) shall be made to the dwellinghouse(s) hereby permitted, or any detached building erected, without the express permission in writing of the Local Planning Authority.

Reason:-

In the interests of amenity and to enable the Local Planning Authority to retain control over future development.

INFORMATIVE(S)

- 1 Changes to the public highway (including permanent or temporary access)
- Planning approval does not constitute approval for changes to the public highway. Highway

Authority approval will only be given after suitable details have been submitted considered and agreed. If new or amended access is required (whether temporary or permanent), there may be a requirement for the diversion or protection of third party utility plant or highway authority assets and it is recommended that early involvement with the relevant statutory undertaker takes place. The applicant must contact Engineering Services on 01708 433751 to discuss the scheme and commence the relevant highway approvals process. Please note that unauthorised work on the highway is an offence.

Highway legislation

- The developer (including their representatives and contractors) is advised that planning consent does not discharge the requirements of the New Roads and Street Works Act 1991 and the Traffic Management Act 2004. Formal notifications and approval will be needed for any highway works (including temporary works of any nature) required during the construction of the development. Please note that unauthorised work on the highway is an offence.

Temporary use of the public highway

- The developer is advised that if construction materials are proposed to be kept on the highway during construction works then they will need to apply for a licence from the Council. If the developer required scaffolding, hoarding or mobile cranes to be used on the highway, a licence is required and Street Management should be contacted to make the necessary arrangements. Please note that unauthorised use of the highway for construction works is an offence.

Surface water management

- The developer is advised that surface water from the development in both its temporary and permanent states should not be discharged onto the highway. Failure to prevent such is an offence.

- 2 The proposal involves works which affect the highway and/or its verge. Before commencing such works you must obtain separate consent of the Highway Authority. Please contact the Streetcare on 01708 432563.
- 3 Before occupation of the residential/ commercial unit(s) hereby approved, it is a requirement to have the property/properties officially Street Named and Numbered by our Street Naming and Numbering Team. Official Street Naming and Numbering will ensure that that Council has record of the property/properties so that future occupants can access our services. Registration will also ensure that emergency services, Land Registry and the Royal Mail have accurate address details. Proof of having officially gone through the Street Naming and Numbering process may also be required for the connection of utilities. For further details on how to apply for registration see:

<https://www.havering.gov.uk/Pages/Services/Street-names-and-numbering.aspx>

- 4 A fee is required when submitting details pursuant to the discharge of conditions. In order to comply with the Town and Country Planning (Fees for Applications, Deemed Applications, Requests and Site Visits) (England) Regulations 2012, (as amended), a fee of £116 per request or £34 where the related permission was for extending or altering a dwellinghouse, is needed.
- 5 The proposal would be liable for the Mayor of London and Havering Community Infrastructure Levy (CIL). Based upon the information supplied with the application, the Mayoral CIL payable would be £2,550 based on the calculation of £25.00 per square metre (102sqm net increase)

and the Havering Community Infrastructure Levy (HCIL) would be a charge of £12,750 based on calculation of £125 per square metre. Each would be subject to indexation.

Further details with regard to CIL are available from the Council's website.

- 6 Statement Required by Article 35 (2) of the Town and Country Planning (Development Management Procedure) (England) Order 2015: In accordance with paragraph 38 of the National Planning Policy Framework, improvements required to make the proposal acceptable were negotiated with the applicant and agent via telephone on 23/01/2023. The revisions involved reducing the cumulative width of the first-floor rear extensions. The amendments were subsequently submitted on 30/01/2023.

Date: 28th February 2023

Helen Oakerbee
Assistant Director Planning

London Borough of Havering
Town Hall, Main Road
Romford RM1 3BB

IMPORTANT - attention is drawn to the notes overleaf

NOTES IN CONNECTION WITH APPROVAL OF APPLICATIONS SUBJECT TO CONDITIONS OR REFUSAL OF APPLICATIONS FOR PLANNING PERMISSION

1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or to grant permission or approval subject to conditions, an appeal may be made to the First Secretary of State at the Department for Communities and Local Government in accordance with Section 78 of the Town and Country Planning Act 1990 within six months of the date of this notice. However, if an enforcement notice is subsequently served relating to the same or substantially similar land and development and you want to appeal you must do so within 28 days of the service of the enforcement notice, or within 6 months of the date of this notice, whichever period expires earlier.

Appeals must be made on a form which is obtainable from the Planning Inspectorate, Customer Support Unit, Temple Quay House. 2 The Square. Temple Quay. Bristol BS1 6PN or from the Planning Inspectorate's web site,

<https://www.gov.uk/appeal-planning-inspectorate>

2. When submitting the completed appeal form to the Planning Inspectorate, a copy should be sent to Planning, London Borough of Havering, Town Hall, Main Road, Romford, RM1 3BB. The First Secretary of State has power to allow a longer period for the giving of a notice of appeal but will not normally be prepared to exercise these powers unless there are special circumstances which excuse the delay in giving notice of appeal. The First Secretary of State is not required to entertain an appeal if it appears that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements to the provisions of the development order, and to any directions given under the order. Where the decision of the local planning authority is based upon a direction from the First Secretary; it is not the practise to refuse to accept appeals solely because of this direction.
3. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the First Secretary of State and the owner of the land claims that the land has become incapable of reasonable beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, a purchase notice may be served on the London Borough of Havering requiring the council to purchase the land in accordance with the provision of Part VI of the Town and Country Planning Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation where there has been an appeal or where an application has been referred to the First Secretary, and where planning permission is refused or granted subject to conditions. The circumstances in which such compensation is payable are set out in section 114 of the Town and Country Planning Act 1990.
5. The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990, namely Sections 70, 71 and 72(1) of the Act.

You are reminded that Building Regulations approval may also be required for these works. You must contact the Building Control Manager or Building Inspector to confirm if permission is required.

Note: Following a change in government legislation a fee is now required for the request for Submission of details pursuant to discharge of conditions in order to comply with the Town and Country Planning (Fees for Applications and Deemed Applications) (Amendment) (England) Regulations, which came into force from 06/04/2008. A fee of £116 per request (or £34 where the related permission was for extending or altering a dwellinghouse) will be required.
