APPLICATION NO: P1537.25

In pursuance of their powers as Local Planning Authority, the Council have considered your application and have decided to **GRANT PLANNING PERMISSION** for the following development :

Proposal: Single storey detached rear annex
Location: 56 Norwood Avenue
Romford

The above decision is based on the details in drawing(s):

PLN 02/02

PLN 01/02

Location Plan

subject to compliance with the following condition(s):

Note to Applicants:

Please take the time to read the conditions stated below carefully. Some may require you to seek the Council's approval prior to works beginning on site. The approval process can take a further 8 weeks from the date of submission and you are advised to incorporate this into your timetable.

*Please also check the informatives below to verify whether the scheme is liable for the Mayoral Community Infrastructure Levy. If the scheme is liable, **you are required to give notice of commencement in advance** so that a Demand Notice can be sent to you or any other person(s) that has/have assumed liability. The Levy is payable within 60 days of commencement. **If you are intending to claim self-build, social housing or charitable exemption, you must do this before development commences otherwise any exemption request will be disqualified.***

- 1 The development hereby permitted shall begin no later than three years from the date of this decision.

Reason: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990.

- 2 The development hereby permitted shall not be carried out otherwise than in complete accordance with the following approved plans: PLN 01/02, PLN 02/02 and Location Plan.

Reason: For the avoidance of doubt and to ensure that the development is carried out as approved and is compliant with development plan policy.

- 3 The proposed development hereby approved shall be constructed in accordance with the materials detailed on the drawing PLN 02/02 unless otherwise agreed in writing by the Local Planning Authority.

Reason: To ensure that the appearance of the proposed development will harmonise with the character of the surrounding area.

- 4 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015, nor any Statutory Instrument which amends, removes or replaces that Order, no window or other opening (other than those shown on the submitted and approved plans) shall be formed in the flank walls of the development hereby permitted without the receipt of a specific planning permission for it from the London Planning Authority.

Reason: To protect the amenities of neighbouring occupiers and ensure the development complies with policy 7 of the Havering Local Plan (2021).

- 5 The garden area shall not be subdivided at any time and nor shall there be any additional pedestrian or vehicular accesses into the site.

Reason:-

In order that the annex approved remains ancillary to the main dwelling.

- 6 Any residential occupation of the building hereby approved shall be limited to family members of the family occupying the main house at 56 Norwood Avenue, Romford for residential purposes and shall not be occupied by any other persons.

Reason:-

In order that the annex approved remains ancillary to the main dwelling.

- 7 The annex hereby permitted shall not be arranged or disposed of as a separate unit of residential accommodation from the use of the main dwelling.

Reason:-

In order that the annex approved remains ancillary to the main dwelling.

- 8 1) Prior to the commencement of any works pursuant to this permission the developer shall submit for the written approval of the Local Planning Authority;
- a) Phase I (Desktop Study) Report documenting the history of the site, its surrounding area and the likelihood of contaminant/s, their type and extent incorporating a Site Conceptual Model.
- b) A Phase II (Site Investigation) Report if the Phase I Report confirms the possibility of a significant risk to any sensitive receptors. This is an intrusive site investigation including factors such as chemical testing, quantitative risk assessment and a description of the sites ground conditions. An updated Site Conceptual Model should be included showing all the potential pollutant linkages and an assessment of risk to identified receptors.
- c) A Phase III (Remediation Strategy) Report if the Phase II Report confirms the presence of a significant pollutant linkage requiring remediation. A detailed remediation scheme to bring the site to a condition suitable for the intended use by removing unacceptable risks to all receptors must be prepared, and is subject to the approval in writing of the Local Planning Authority. The scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works, site management procedures and procedure for dealing with previously unidentified any contamination. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 in relation to the intended use of the land after remediation.
- d) Following completion of measures identified in the approved remediation scheme mentioned in 1(c) above, a "Verification Report" that demonstrates the effectiveness of the remediation carried out, any requirement for longer-term monitoring of contaminant linkages, maintenance and arrangements for contingency action, must be produced, and is subject to the approval in writing of the Local Planning Authority.

Reason: To protect those engaged in construction and occupation of the development from potential contamination.

- 2) a) If, during development, contamination not previously identified is found to be present at the site then no further development (unless otherwise agreed in writing with the local planning authority) shall be carried out until a remediation strategy detailing how this unsuspected contamination shall be dealt with has been submitted to and approved in writing by the local planning authority. The remediation strategy shall be implemented as approved.
- B) Following completion of the remediation works as mentioned in (a) above, a 'Verification Report' must be submitted demonstrating that the works have been carried out satisfactorily and remediation targets have been achieved.

Reason: To ensure that any previously unidentified contamination found at the site is investigated and satisfactorily addressed in order to protect those engaged in construction and occupation of the development from potential contamination.

INFORMATIVE(S)

- 1 You are reminded that this decision notice only addresses requirements under Planning Legislation. You also need to check that whether or not the development requires consent under the Building Regulations, as this is an entirely separate process. Further information on the requirements of the Building Regulations can be found at:
[https://www.havering.gov.uk/building control](https://www.havering.gov.uk/building%20control).
- 2 You are reminded that this decision notice only addresses requirements under Planning Legislation. It does not give consent for an permanent or temporary changes to the public highway, the use of the public highway for the storage of materials or placing of apparatus associated with the construction or other processes, nor does it permit the discharge of surface water onto the public highway. You are encouraged to check whether or not works or activities necessitate separate consents under the requirements of other, non-planning legislation at the earliest opportunity by emailing environmentbusinesssupport@havering.gov.uk for further information. Unauthorised work on or use of the public highway and a failure to prevent the discharge of surface water on to the public highway area all an offence.
- 3 You are reminded that this decision notice only addresses requirements under Planning Legislation. You also need to check whether or not the development necessitates an agreement under the requirements of the Party Wall etc. Act 1996, as this is an entirely separate process. Further guidance on the Party Wall etc. Act 1996 can be found at:
<https://www.gov.uk/housing-local-and-community/party-walls>.
- 4 The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material planning considerations, including planning policies and any representations which were received. It subsequently determined to grant planning permission in accordance with the National Planning Policy requirement that applications for sustainable development are approved where possible. A detailed analysis of the scheme is set out in the report on the application prepared by officers.

**NOTES IN CONNECTION WITH APPROVAL OF APPLICATIONS SUBJECT TO CONDITIONS
OF APPLICATIONS FOR PLANNING PERMISSION**

**DEVELOPMENT MANAGEMENT PROCEDURE (England) ORDER 2010
TOWN AND COUNTRY PLANNING ACT 1990**

Appeals to the Secretary of State

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice. However, if an enforcement notice is subsequently served relating to the same or substantially similar land and development and you want to appeal you must do so within 28 days of the service of the enforcement notice, or within 12 weeks of the date of this notice, whichever period expires earlier.

Appeals must be made using a form which you can get from the Planning Inspectorate at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN or online at

www.planningportal.gov.uk/pcs.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to him that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order. In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based their decision on a direction given by him.

Purchase Notices

If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

You are reminded that Building Regulations approval may also be required for these works. You must contact the Building Control Manager or Building Inspector to confirm if permission is required.

Note: Following a change in government legislation a fee is now required for the request for Submission of details pursuant to discharge of conditions in order to comply with the Town and

Country Planning (Fees for Applications and Deemed Applications) (Amendment) (England) Regulations, which came into force from 06/04/2008. A fee of £116 per request (or £34 where the related permission was for extending or altering a dwellinghouse) will be required.
